

Drawings Sheet 1

Figure 1, Image Transform

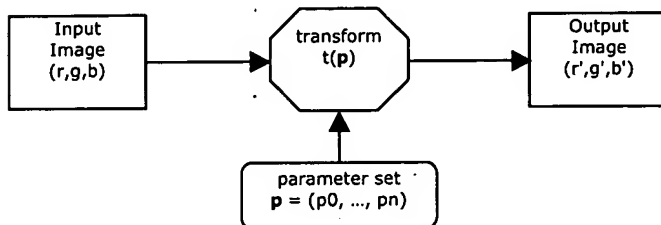

Figure 2, Parametric Image Transform

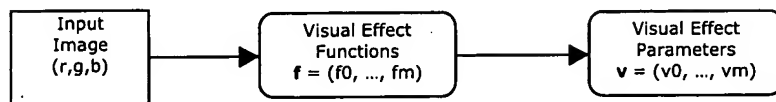

Figure 3, Image Visual Effect Functions and Parameters

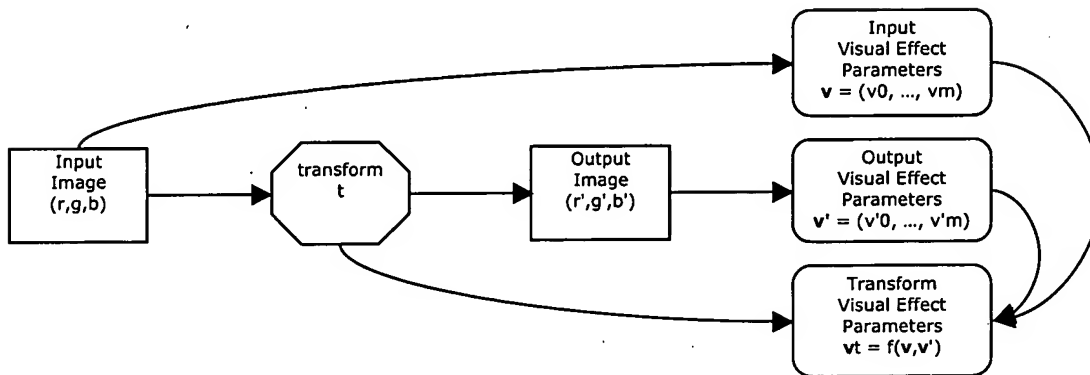

Figure 4, Transform Visual Effect Parameters

Drawings Sheet 2

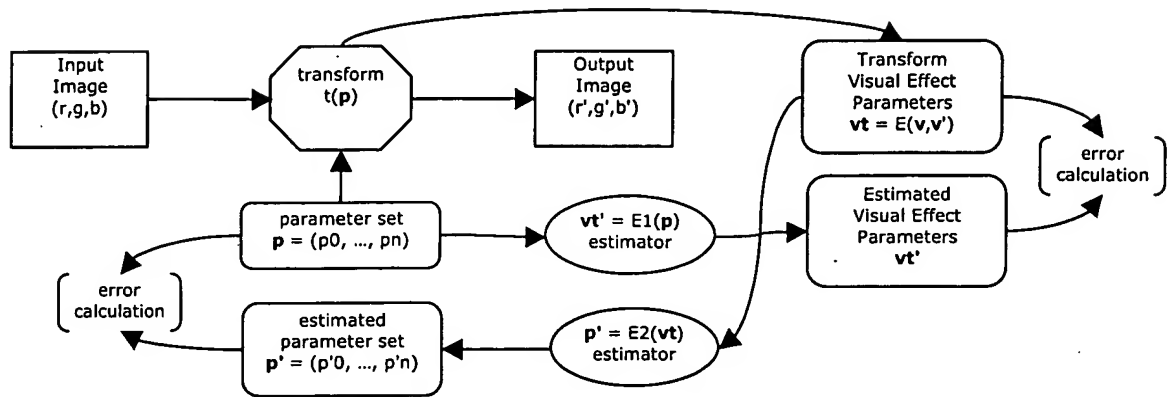

Figure 5, Transform Parameter Set and Visual Effect Parameter Set Conversion

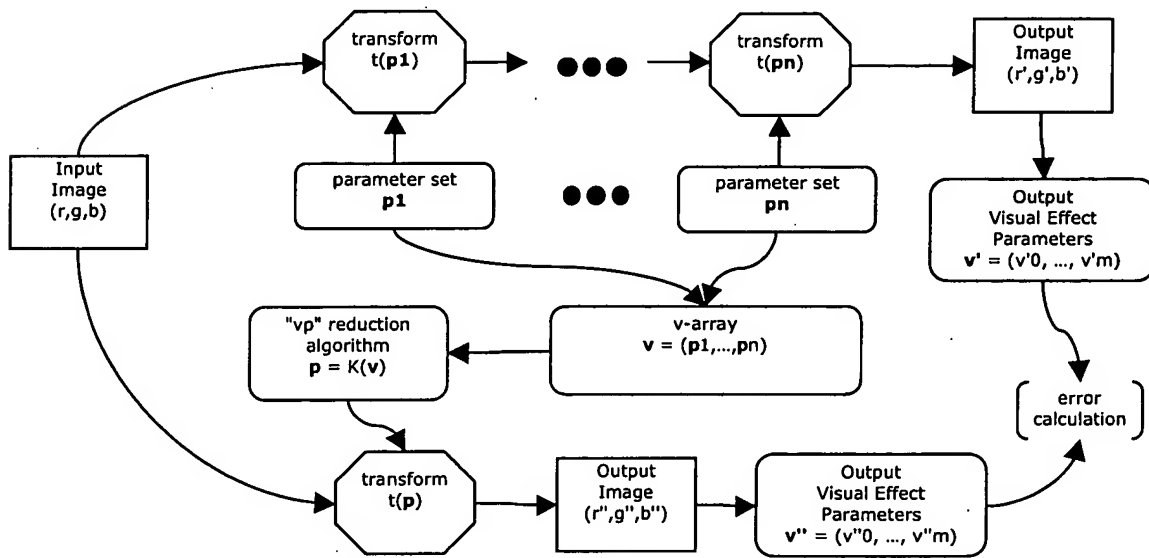

Figure 6 Composing a sequence of parametric transforms into a single transform

Drawings Sheet 3

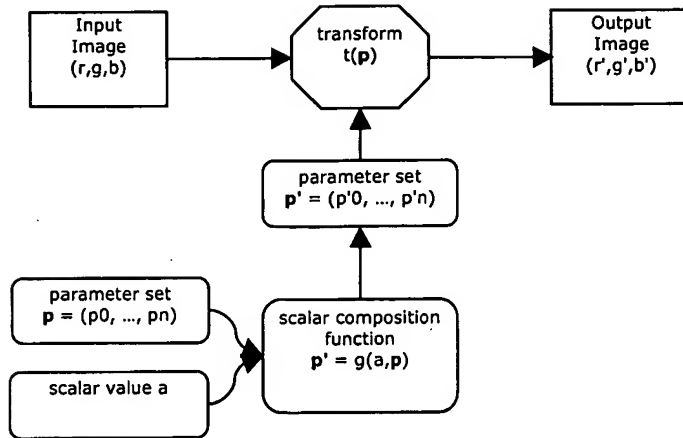

Figure 7, Scalar Composition

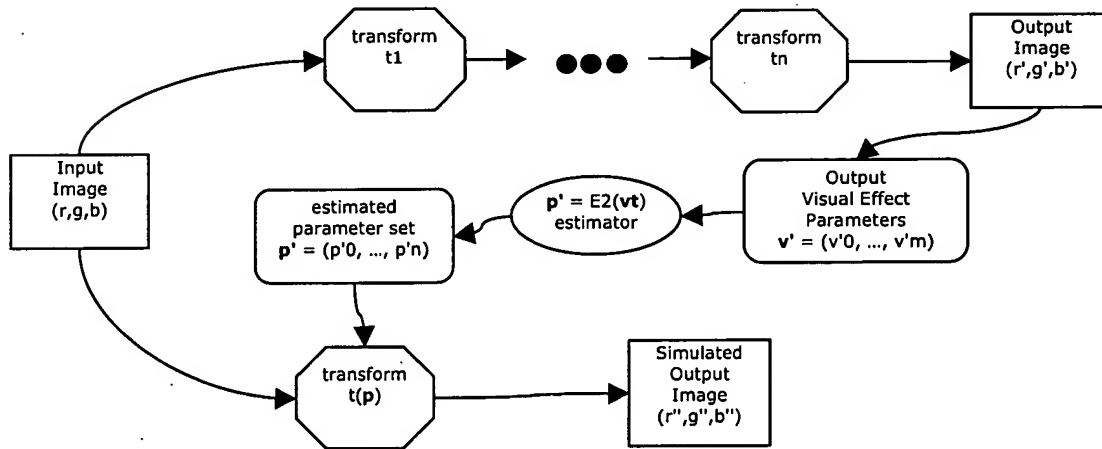

Figure 8, Simulation of a sequence of arbitrary transforms

Drawings Sheet 4

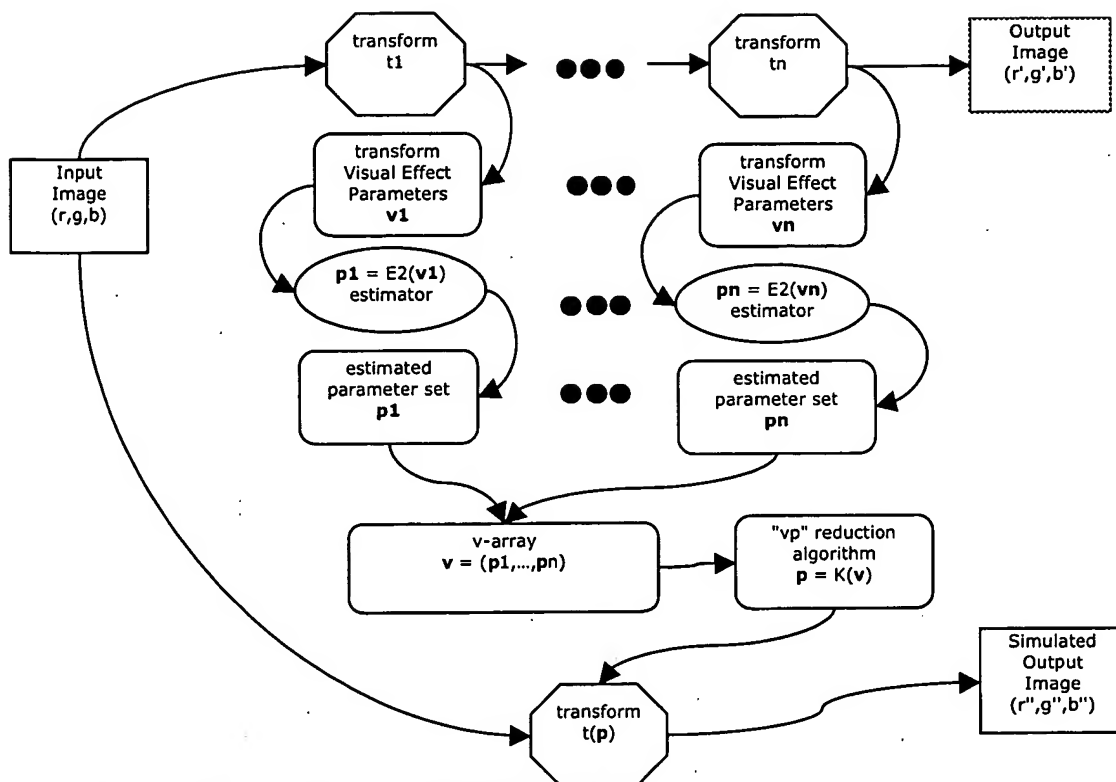

Figure 9, Simulation of a sequence of arbitrary transforms

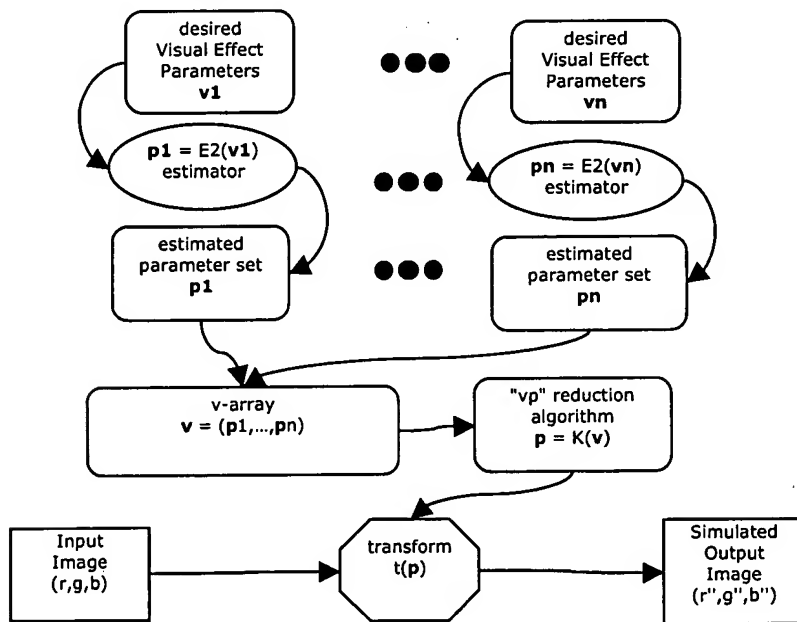

Figure 10, Synthesis base on a sequence of visual intents

Drawings Sheet 5

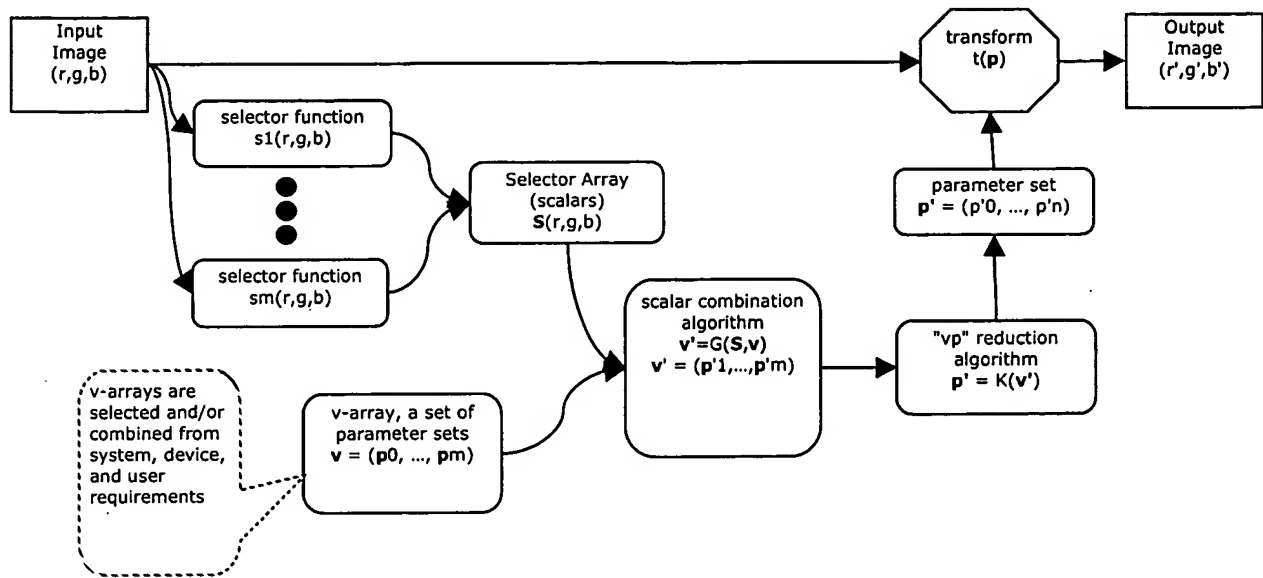

Figure 11, Execution of a selective image transform

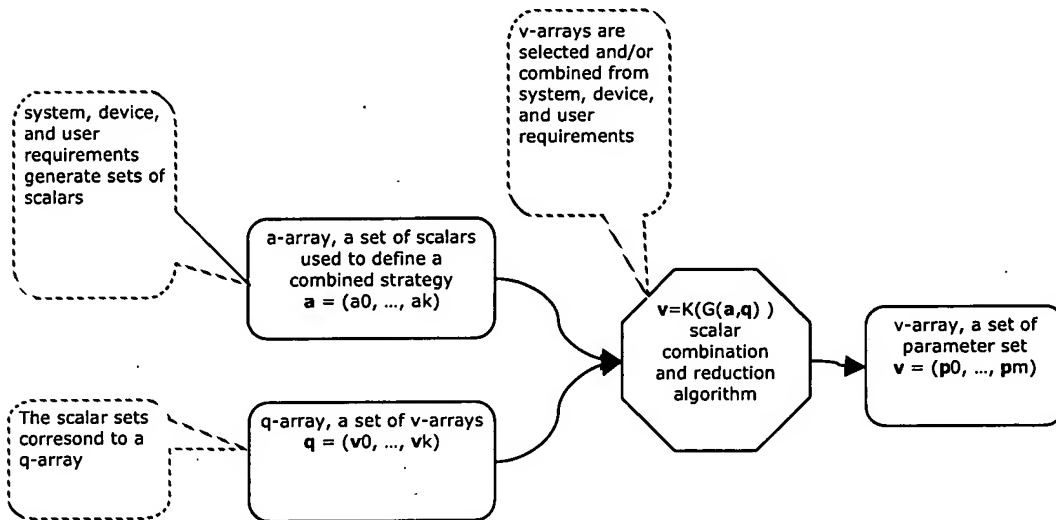

Figure 12, Derivation of a v-array

Drawings Sheet 6

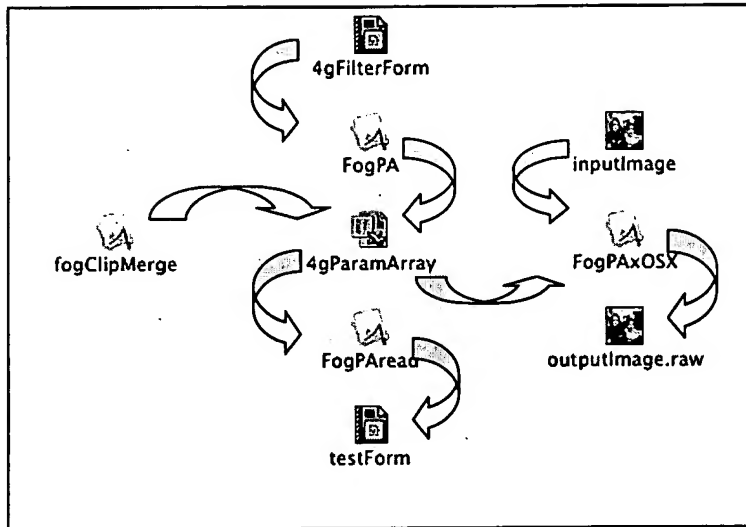

Figure 13, Program/file overview
